

Outsource Light Assembly | Component Kitting | Packing

# About Colebridge Enterprises

Colebridge Enterprises is a social enterprise. We are a business that exists to enable people gain work experience, training and employment. People who are very able and willing to work but encounter barriers to gaining employment.

Around half our workforce are adults with a learning disability.

In addition to paid employment, we provide training and personal development to enable our workforce to pursue full time, long term employment.

The profits made by Colebridge Enterprises are reinvested in supporting the work of The Colebridge Trust. A community and enterprise development charity set up to address social and economic deprivation.

# Colebridge Enterprises – Assembly Operations

Our assembly operation was established in October 2012 to provide an outsource service on light assembly and packing services to manufacturing companies.

We are located in North Solihull, in the heart of the Midlands automotive sector.

We specialise in providing services to first and second tier automotive component suppliers.

We have immediate capacity to process around 2 million parts per year but able to scale up quickly to meet higher demand.

- Our delivery performance is 100% on time.
- Our quality record is 99.98% right first time.
- We hold ISO 9001 certification.

We can:

- Meet your delivery and quality targets.
- Provide services at commercially competitive rates.
- Increase your capacity without making significant capital investments.
- Free up resources taken up on low value work so you can focus on higher value products.
- Meet your peak and seasonal demand spikes.
- Win new business by enabling you to claim added social value in your tender bids.
